

Ankush Patel

ankushpatel4656@gmail.com — +91 70088 46056 — Bhubaneswar, Odisha, India

I am a passionate and collaborative Computer Science student with a strong foundation in full stack development. I enjoy building smooth and user-friendly applications with modern designs and animations. Keen on solving real-world problems through efficient code and teamwork.

Education

B.Tech in Computer Science & Technology

Silicon University, Bhubaneswar

Ongoing

Senior Secondary (12th)

Siddhartha Public School, Kumelsingha, Bargarh

Skills

Technical: Full Stack Development, JavaScript, React, React Native, Node.js, Next.js, MongoDB, HTML, CSS, Python, C++

Soft Skills: Problem Solving, Creativity, Team Collaboration

Experience

Mobile App Development Intern

Syllogistek Systems

Jul – Aug 2024

- Developed and maintained cross-platform mobile applications using React Native in an agile development environment.
- Integrated APIs for smooth functionality and improved user flow.
- Contributed primarily to UI/UX, making the app modern, interactive, and user-friendly with clean designs and animations.
- Continued building additional features and projects independently.

Projects

Movie Recommendation System

Tech Stack: Python, Pandas, KNN, Data Preprocessing

Collaborated in a group to develop a machine learning model to recommend movies. Built a KNN algorithm from scratch, used Pandas for data handling, and applied preprocessing for cleaner and efficient model training.

Shopping Application Using React Native

Tech Stack: React Native, UI Design, Navigation

Designed and developed a mobile shopping app with smooth navigation, intuitive UI, and dynamic product views. Focused on enhancing the user experience with animations and responsive layout.

Extracurricular

- Keen interest in exploring new technologies and gadgets, often writing blogs and sharing insights.
- Member of the college Health Club.
